25X1 6. [] - JSW) Jack Ware, in the office of Senator Gordon Allott, called me in connection with a telegram to the Senator from a student editor at [] The telegram complained about CIA debriefing a faculty member after a trip abroad. Ware stated the Senator was proposing a response indicating generally that the Government would be derelict if it did not attempt to pick up information from Americans who have traveled abroad. He wanted to check us on two points in their response--(1) that there was no pre-arrangement prior to the trip and (2) there was no passage of Government money. After checking the facts and discussing it with the Director, Ware was advised that their telegram was consistent with the facts. He read the draft telegram and I made one minor correction. Ware also indicated he was going to coordinate with Charles Kendrick, in Senator Dominick's office, since the two Senators wished to be consistent with one another on their responses.

25X1 7. ([] - JSW) [] advised, after discussion with [] on the telegrams, that similar ones had been sent to Senators Fulbright, Robert Kennedy, Gruening and McCarthy.

25X1 8. [] - JGO) Met with Miss Barbara Bengston, Personal Secretary to Senator Jack Miller, who advised that the Senator was late in returning to the city and due to press of business requested that the breakfast at the Agency be put over to Wednesday or Thursday of next week, April 10 or 11. Miss Bengston was apologetic on the Senator's behalf. I assured her we understood the Senator's problem and that I would be back in touch with her during the day tomorrow concerning next week.

25X1 9. [] - JGO) Met with Mr. Joseph Winslow, House Post Office and Civil Service Committee staff, with regard to Chairman Hanley's letter to the Director requesting written comments on the Agency's position classification system. Mr. Winslow was quite apologetic that the letter had been sent to the Agency in error and indicated that there has been no change in the agreement that, as regards CIA, he will be pleased to meet with us on an informal basis and will be guided by the Agency's desires concerning material for inclusion in the final report to be issued by the Committee on completion of their study.
